MEMORANDUM FOR: Acting Director of Central Intelligence

FROM:

[Redacted]

Chairman

25X1

SUBJECT:

NFIP Budget Line Item

1. At a recent Council meeting concerning technology initiatives which are being directed towards [Redacted] it became apparent to the Council that at present there is no single line item within the NFIP budget which draws together the resources that are being allocated to these efforts. This lack of a resource focal point will probably encourage the Congressional committees to micromanage these efforts within disparate deliberations. [Redacted]

2. Therefore, I recommend that consideration be given to the establishment of a single line item for [Redacted] within the NFIP budget (perhaps non-add). This will permit focused deliberations, both within our budget build and for presentation to the Congress.
